FROM: Robert L. Swisher, Commissioner RS

RE: 2020 Workers' Compensation benefit schedule

DATE: August 30, 2019

The Education and Workforce Development Cabinet, Department of Workforce Investment, has certified that the average weekly wage for Kentucky for calendar year 2018 was \$890. Based upon that information and in accordance with KRS 342.143, the following determinations are made:

1. The increase in maximum weekly income benefits under the Workers' Compensation Act for total disability or death for the year 2018 over the year 2017 did amount to two dollars (\$2.00) or more; therefore, the maximum weekly indemnity benefit for calendar year 2020 for total disability shall be \$979.
2. The increase in minimum weekly income benefits under the Workers' Compensation Act for total disability for the year 2018 over the year 2017 did amount to one dollar (\$1.00) or more; therefore, the minimum weekly indemnity benefit for calendar year 2020, where applicable under the Act, shall be \$178.

A schedule of indemnity benefits is attached.

An Equal Opportunity Employer M/F/D
