Data Instructions

1. Enter data in whole dollar amounts with all fields completed.
2. Report Kentucky experience data for direct business before reinsurance transactions.
3. Report countrywide experience data for net business (direct less reinsurance transactions).
4. Item 17. Kentucky (Direct) Experience - Calculated as a percentage of the countrywide (net) amount. The percentage is derived as follows: ratio of the insurer's (a) Kentucky workers' compensation direct unpaid losses and loss adjustment expenses to (b) countrywide workers' compensation direct unpaid losses and loss adjustment expenses.
5. Item 32. Countrywide (Net) Experience - The total amount posted on the workers' compensation line in Part II of the insurer's Insurance Expense Exhibit. (Add IEE columns 18 & 20)
