RE: Update and Revision of the Workers' Compensation Schedule of Fees for Physicians

As required by KRS 342.035 and prescribed by 803 KAR 25:089, the Department has completed the process of reviewing and updating the Workers' Compensation Medical Fee Schedule for Physicians. The new schedule features updated coding (based on CPT, HCPCS 2022), ground rules, and procedure description updates and revised reimbursement values.

Currently, reimbursement to medical providers treating injured workers is prescribed by the 2020 Workers' Compensation Schedule of Fees for Physicians. The 2022 Workers' Compensation Schedule of Fees for Physicians will be applied to all medical bills incurred for services rendered on or after July 1, 2022. The 2022 Schedule of Fees for Physicians will completely replace the 2020 fee schedule.

The 2022 Workers' Compensation Schedule of Fees for Physicians may be purchased in the format of a bound book/CD combination for \$120.00. Or you may purchase the CD individually for \$60.00. Shipping fees are \$10.00. A portion of the amount collected from the sale of each book and CD ordered will be sent to the American Medical Association for the CPT copyrights and the American Dental Association for CDT copyrights.

You must fill out the order form and mail with a check or money order. Please see the order form for details. You may also order electronically with a credit card. If you have questions, please contact Pam Knight at 502-782-4449 or Pamela.knight@ky.gov
