

POC Release 2.1

Kentucky is in the process of developing a new internal data base for management of Proof of Coverage (POC).

With the development of the new data base Kentucky will be upgrading from IAIABC POC Release 1.0 to IAIABC POC Release 2.1.

IAIABC POC Release 2.1 will go into effect 180 days after the completion of the new Event Table, Element Table and the Edit Matrix for Kentucky.

This notice is to inform you that the upgrade is going to occur within the near future.

The actual time table will be announced at a later date.
